

**The Hervey Foundation for Cats  
ADOPTION APPLICATION**

The following information is requested so that we can assist you in the selection of a new pet. The cat's well being is our foremost consideration. The consultation process is designed to help us determine if the adoption is in the cat's best interest, and to assist you finding an animal most compatible with your lifestyle.

The cats available for adoption came here from a variety of sources. All animals are examined upon entry, and their health is routinely monitored while in our care, but there is always a chance that an animal is incubating a disease without showing any clinical signs.

*After 5 days, any adopted animals are the sole responsibility of the adopter.*

**Our adoption fee includes:**

3. De-worming
4. Implant of an identify micro-chip
