I am an Animal Rescuer

## A RESCUER'S CREED

I shall be a believer of all that is good in man and of all that is deserving in animals.

I shall plead for their lives, campaign for their safety and uphold their right to a natural death.

I shall seek out the injured and the maimed, the unloved, and the abandoned and tend to them in their last days.

I shall not forget their place in the hierarchy of life, nor that we walk in each other's paths.

I shall bear witness to the wonder they bring to our lives and to the beauty they bestow upon our souls.

I shall renew their spirits when they are waning, bind their wounds when they bleed, cradle them when they whimper, and comfort them when they mourn.

I shall be near them in their hour of greatest need a companion and friend when the time has come.

I shall watch over them and console them and ask that the angels gather them in their arms.

From the creatures of the earth I shall learn the fruits of compassion & undying love, and I shall be called the beloved of God.

In their company I shall indeed be blessed.

- by Susan M. Pearson

The Foundation is a registered non-profit Charitable Organization in Canada and Alberta: C.R.A. # 899091128 RR0001 Alberta Charitable Organization License # 310154.

The Foundation operates a no-kill facility - euthanasia as an option only when the animal cannot enjoy a reasonable quality of life.

## — Our Mission —

To care for cats in dire need and give our less fortunate feline friends a warm, loving and caring environment that allows them to live out their lives. To attempt to find loving homes for cats and kittens that come into our care. To promote responsible pet ownership through public education, early spaying and neutering programs and promoting other care programs.

With costs in excess of \$5000 every month the Foundation needs the continued support of the caring public to carry out our mission.

It takes 450<sup>lbs</sup> of dry cat food, 75 cases of canned food and 800<sup>lbs</sup> of litter **EVERY MONTH** to take care of the hundreds of stray, abandoned and unwanted cats and kittens that The Hervey Foundation for Cats takes in at their facility each year. Many of these animals find new homes – but many fall into permanent care at our facility.

Financial donations may be made by mail, phone or paypal! Thank You!

Call Marjorie 780-963-4933

See page 9 for our Kitty Wish List!

The Foundation was founded by Marjorie Hervey in 1998 to provide care and loving homes for the unwanted, un-cared for and abandoned cats that fall into our society. She used her family inheritance and more to start and establish The Foundation. Since that time over 3,000 cats and kittens have come into our care and most have found good, loving homes. The balance stay with us to live a quality life.

The Foundation's prime objective is to offer either a temporary or long-term place of protection for injured, unwanted, homeless and abused cats.

In line with this philosophy is the concept of HOMING - this means that we provide homes for these animals - either a new loving, caring home or permanent home at our facility for the cat to live a Quality Life for the remainder of it's life.

We provide a means of finding suitable loving and caring homes for these cats. In addition, we promote and educate the public on the proper treatment of cats all in keeping with the requirements of the Animal Protection Act.

Our primary concern is the cats under our care. Great precautions are taken to avoid introducing illness. For example, in the situation involving a typical member of the family our procedures would be as follows: Cats that come into our care are taken to an Accredited Veterinary Clinic where, at the cost of The Foundation, the animal would be examined and Feluk tested, spayed or neutered, micro-chipped, de-wormed, vaccinated with the 4 way combination vaccine and Feline Leukemia and Rabies (if old enough). Its ears would be checked for ear mites and treated. The cat is then transported to our facility. It is placed in isolation for observation for 4 to 5 days. If any symptoms develop that needs attention, then the cat is treated. Assuming all is well, the cat is placed up for adoption to find it a good home. The cats in our care are not caged but are free to enjoy an home atmosphere. If it clear that a new acquisition could not be adopted for some reason or another, it is made to feel at home, is given a name, and it becomes assimilated into our family.

The Foundation is unique throughout all of Western Canada. The reason is quite simple. No person has the patience and the devotion that Marjorie has for the cats.

# MARJORIE'S MESSAGE

## Dear Supporters,

Welcome to the Summer edition of the Mewsletter. I hope that everyone got through spring and is looking forward to a beautiful summer. We have been very busy at the sanctuary. This newsletter will be fun to read - you will see pictures of many of our recent adoptees, updates on some of our cats adopted a while ago as well as a bit of history. Sit back and enjoy!!

In March 2014, we were contacted by Petvalu in St. Albert inquiring if we would consider placing cats for adoption in their store. We were pleased to accept! The cats at that location are allowed the "run" of the store - they become greeters for the many clients coming in to purchase supplies. The wonderful staff at this beautiful store take great care of the animals. We want to thank everyone at the St. Albert Petvalu for the fabulous job they do and the great furr-ever homes they have found for our kitties.

We were invited to participate in adoption events at PetsMart Calgary Trail, as well as at Petvalu Terwillegar and Petvalu The Meadows. Thanks to these stores for including us and helping facilitate adoptions.

The Foundation participated in The Edmonton Cat Fanciers Club's show on March 29 and 30th and what a success it was! The new location at the Ramada on Kingsway was spacious with plenty of

room for judging, vendors and, of course, the cats! Spectators were lined up to be admitted, so it was busy, busy, busy.

The Foundation showed a number of cats and they all did well - also, 4 cats were adopted (pics elsewhere in the Mewsletter). Thank you to The Edmonton Cat Fanciers for the cat food drive held in conjunction with the show. The donations really helped the Foundation! We look forward to the next show - October 25-26 at the same location.

Getting ready for the Annual Dinner and Silent Auction was our next challenge. It was a fun evening - a good turnout of many long-term supporters plus a number of new faces. In addition to the silent auction for lovely items, we held a "Cake Auction" of fancy tortes. Bidders had a very short time to claim a cake and there was hot competition for the tasty treats! As usual, the food (German theme) was excellent and much enjoyed. Thank you all of the volunteers who helped make this event such a success. And many thanks to everyone who donated items for the Auction - they were much appreciated. Mark your calendar for April 25, 2015 - watch for the announcement of theme and location.

I would like to extend a heartfelt and sincere thank you to all of the volunteers who assist the Foundation in so many ways. First of all - to Kathy and Margaret -

loyal volunteers who dedicate a lot of time to the Foundation and give of themselves unselfishly to help the kitties. Thanks to Bob and Dave for all of the pick-ups and deliveries that they do. A very special thank you to new volunteers - Gillian, Bill and Alex who were of invaluable assistance at the recent Silent Auction.

Thanks to our on-going and loyal supporters of the Foundation - your generosity and caring are what makes the Foundation work in our care of the kittens that come to us.

We hope that you have a great summer and look forward to hearing from you. Call 780-963-4933 or email [info@herveycats.com](mailto:info@herveycats.com)

*Marjorie Hervey*

*A special thank you to St. Albert PetValu for helping us find Furr-ever homes for our kitties.*

## Michael Schaefer was our caterer for many years

for our dinner and silent auction. Many of you who attend knew Michael well and had come to love his food. Michael was a wonderful and caring man. He loved cats and he loved doing our function every year. He was a good teacher and involved in the community and with other charities. Michael passed away suddenly on May 24, 2014. This is a real tragedy to lose such a good and caring person. We want to send our deepest sympathy to his wife Donna and to the family. We at the Foundation will never forget Michael and he will be deeply missed.

Marjorie Hervey

## Edmonton Cat Fanciers Club Show – March 2014/Calgary Show – April 2014

The Club was able to find a new location in central Edmonton at the Ramada on Kingsway. The entries were greater than at the last few shows which helped off-set the increased cost of this lovely venue. The gate was also gratifyingly larger as well. We received many positive comments regarding the new space. Vendors were on hand to entice folks to part with their money! There was ample room for the spectators to move around, see the cats and observe the judging. Spectators were welcomed with a gift of a catnip toy for their own cat(s) and this was well received. The club also encouraged folks to bring a cat food donation for the Hervey Foundation and obtain a

\$1.00 off their admission price. Many spectators brought cat food – both canned and dry and it was turned over to the Hervey Foundation.

Adoptables were encouraged to be in competition and all of the cats on hand from the Hervey Foundation were sponsored, that is, their entry fees were donated. Nine adoptable kittens/cats were in competition and one kitten was available for adoption only. Four of them were adopted during the show and are settling happily in new forever homes. The Club will be back at this location October 25-26, 2014. Watch for the poster with details!

Within a few weeks, Kathy and Margaret (Board Members) were on the road with their own cats plus Hervey adoptables. The show in Calgary was held on Easter weekend and two sets of kittens were once again at a show and available for adoption. Our car and hotel room were full of cats!! The entry fees for these kittens were sponsored by folks in Calgary and one lucky kitten (Sheldon) was adopted into a new home. His cage-mate (Shannon) was adopted the next week in Edmonton through Petvalu!

Edmonton Cat Fanciers Club

## HERVEY CATS ADOPTED ON THE SHOW CIRCUIT...

The cat show competition year has come to an end (May 1, 2013 - April 30, 2014) and the Foundation can be proud of how some of its cats have performed !!

Board Member and volunteer, Kathy Byram, has recently adopted three cats from the Foundation. They have done

Sabrina

extremely well this year. Sabrina of Entrechaton, who was adopted following the Portland show in 2013 has achieved the status of Best Household Pet in the Northwest region of The International Cat Association. She is a striking Blue Tortie Point and White SH with many, many extra toes on all four paws! Her house-mate Donovan of Entrechaton who was adopted following the 2014 Portland

Household Pet in the region. He is a Blue Silver Spotted Tabby and White SH.

Donovan's achievement is outstanding in that he was only shown at four shows and in each one he was Best Household Pet - beating Sabrina!! In addition, Oprah W. of Entrechaton (Black and White SH) achieved 12th Best Household Pet in the region.

In addition, Markus, a Black Smoke and White SH,

**Markus is camera shy!**

Duncan and Donovan with Donovan's awards

who is now a Hervey mascot cat achieved 7th Best Household Pet Kitten in the region.

The next show to which we are travelling is the first weekend in September - we have the summer free. Can't wait to see how they do in the new show year!

Donovan

### Cats are Wonderful Friends

Gentle eyes that see so much,  
paws that have the quiet touch,

Purrs to signal "all is well"  
and show more love than words could tell.

Graceful movements touched with pride,  
a calming presence by our side

A friendship that takes time to grow  
Small wonder why we love them so.

## HERVEY CATS ADOPTIONS!!!

### Good Morning!

I wanted to give you an update on Sheldon whom I adopted last weekend on the weekend of the cat show in Calgary. I have attached some pictures too. He did spend the first two days under the bed in our bedroom as expected but as the days went on he started to come out and roam around. He seems to love the second floor of our house which is the living room and the kitchen, he just seems to stay down there, maybe it's because of the big window and all the toys are there. When we go to bed or just lay in bed and watch a movie he doesn't seem to care to hang out with us.

He absolutely loves my adult cat whose name is Puffins, he follows him around all over and rubs up against him. My adult cat is getting used to him and starting to play with him more, I think he was very unsure of Sheldon and what he was doing in his house. Puffins is a very spoiled cat that was born into my family and not from a rescue so I think he is a little more high maintenance some days.

Sheldon has been good he knows where the bathroom is and so far doesn't scratch at the couch or anything. He is a wonderful addition to our home so I thank you for letting me adopt him. I will continue to update you as he grows up!

Take care

**Karley Thompson**

### Hi Marjorie,

We finally got around to taking a family picture with the kitties. I attached two of them. The black and white cat is **Willow**, and the white one is **Snowdrop** (formerly Brittany).

Have a good day :)

**Erin Kinsella**

### Hi Marjorie!

It was so nice to see you again at the Cat Show on Saturday, and give you an update on Carter's adoption from the Fall Cat Show. He is doing very well at 10 months of age, and is such a happy and extremely affectionate little cat. He's quite solid and sturdy for his relatively small size, which makes him all the sweeter in our opinion. Too bad he outgrew the striking clumps of hair hanging way down out of his ears, although they remain very full of bushy hair, and he has very long whiskers as you can see from the close-ups.

There's one photo of him snuggling with Quincy for comparison. They really like each other, and one is never too far from the other. They love to thunder through the house running side by side. **Ozzie-Carter** has a very cute habit of carrying his toys in his mouth for great distances, and up and down the stairs. His favourite is a long plastic wand with a tinsel teaser on the end. He manages to carry the entire thing all over the house and drops it at your feet indicating he wants you to play with him.

We're so lucky to have adopted such a perfect for our household, plus such a wonderful companion for Quincy.

Regards,

**Lydia & Gene Emanuel**

### Hi all!

I adopted **Shauna** at the cat show last Saturday (full name is now Shauna Katya Ambrosia)! After 1 week she has settled in wonderfully! My 2 older cats (Foxy and Tava) have accepted her as a little sister. I would love to send a picture of all 3, but Katya does not sit long enough! I have attached a pic of her smiling:)

Thanks!

**Leanne**

As always thanks to Rosslyn Veterinary Clinic for their wonderful care of the Hervey Kitties and to Creative Color for all the wonderful work they do for the Foundation. And especially to YOU, our wonderful, generous supporters. Without you, the Hervey Foundation could not continue on with our lifesaving work for the kitties!!!

## Random Acts Of Kindness Week

May name is Clara Foster and I am a program director at SafeKids USA. Throughout the month we've been talking with our kids about how we can help make sure our pets at home are happy, healthy and safe. The kids learned a lot from your site, so thank you. I also want to show you this great page that Sonia, one of my kids found;

Dental Care for Pets  
www.gentledental-mi.com/dental-care-for-pets/

Clara Foster

Hi Marjorie,

Here's the picture I took & Here's our blurb we had sent school wide.

### Pets for a Purpose

Have you started any of your Spring Cleaning? Found a place for all of that clutter? Could your clutter be someone else's treasure? Find out how!

Rooms 3 and 4 (Grade 3/4, Grade 1/2) will be collecting gently used towels and blankets for our local animal shelter, our part of Random Acts of Kindness Week. How can you help?

If you have any items to donate, please send them into Rooms 3 or 4 before the end of the month. We are helping our furry friends stay warm in this cold winter!

Thank you for your cooperation and support!

Sincerely,

Mrs. Franko & Mrs. Patel - Bannerman School

*A special thank you to St. Albert PetValu for helping us find Furr-ever homes for our kitties.*

## (EASY!) FUNDRAISING FOR FELINES

Let us recycle your cans and bottles!

Call to arrange a dropoff.

The Foundation requires funds on an ongoing basis. Throughout the year we partner with selected groups to raise funds to help us help the kitties. Please assist us in any way you can. If you or someone you know can help us out with fund raising opportunities – contact Marjorie @ 780-963-4933.

## CANADIAN TIRE MONEY

With an on-going need for cleaning supplies, garbage bags and other essentials, your donation of Canadian Tire money helps us out tremendously! Send your Canadian Tire Money to Box 12 Site 200 RR2, Stony Plain, AB T7Z 1X2

# THE HISTORY OF PET FOOD AND KITTY LITTER

## The History of Pet Food

The first commercially prepared pet food was a dog biscuit product introduced in England about 1860. Although the site was overseas, the ingenuity was Yankee. James Spratt, an electrician from Ohio, was in London trying to sell lightning rods. He saw dogs being fed left-over ship's biscuits and decided he could do better with a carefully compounded preparation of wheat meals, vegetables, beetroot, and meat. It was clearly a step in the right direction, for Spratt's company thrived selling food to English country gentlemen for sporting dogs. Since these early efforts to provide pets a more balanced diet, pet food makers have made continuous improvements in the nutritional efficacy of commercial pet foods. Today, advanced science and nutritional knowledge go into creating complete and balanced pet foods that result in pets living long, healthy lives. Mother introduces son to kitten

The British public company that took over Spratt's formula and production began a U.S. operation about 1890. Several domestic firms entered the market with their own formulations of fortified biscuits and dry kibble based on the nutritional knowledge of the day.

Canned horsemeat for dog food was introduced in the United States after World War I. In the 1930s, canned cat food and dry meat-meal dog foods were introduced. The 1950s saw the introduction of dry expanded type pet foods through the adaptation of equipment used in the production of breakfast cereals.

## The Industry Expands

The '60s were marked with great diversification in the types of food available to the pet owner -- dry cat food, many more varieties of canned products, and new soft-moist products. The National Research Council -- the research arm of the National Academy of Science, developed the first of several nutrient profiles based on research at leading universities, much of it sponsored by PFI or its member companies. The growth of the pet food industry not only provided pet owners with better foods for their pets, but also created profitable additional markets for American farm products and for the byproducts of the meat packing, poultry and other food industries which prepare food for our own consumption.

## Regulatory Oversight

As the industry grew, regulations of the Food & Drug Administration, the U.S. Department of Agriculture, and state feed control officials (coordinated through the American Association of Feed Control Officials) evolved to provide additional assurance to pet owners that the processing methods and quality controls used by American pet food manufacturers meet the same safety standards expected for foods for human consumption.

Pet owners at this time were beginning to understand the importance of balanced diets for dogs and cats, with proper weighting of protein, fat, and carbohydrates, and the inclusion of essential vitamins and minerals.

As a result, it is estimated that approximately 95 percent of the calorie intake of pet dogs and cats in the United States comes from commercial pet food -- higher than in any other country.

PFI was founded in 1958 as the national trade association of dog and cat food manufacturers and has grown to represent the companies that make 98% of cat and dog food produced in the United States.

\*Source: Euromonitor International

## The History of Kitty Litter

Like the origins of commercial pet food, the history of cat litter is rather colorful.

Up until the late 1940s, indoor cats traditionally used sand, soil, sawdust or fireplace ashes in which to conduct their kitty bathroom business. Not surprisingly, this makeshift cat litter was rather inconvenient and messy.

Then along came Edward Lowe, a young Michigan man who worked for his family's industrial absorbent materials business after returning from service in the U.S. Navy during World War II.

Lowe first came up with the idea for a new-fangled cat litter with retail potential when he was approached in 1948 by his neighbor, one Mrs. Kay Draper, who was seeking an alternative to the impractical, unwieldy sand and ashes she had been using.

He decided to give Mrs. Draper a product called Fuller's Earth, a clay-based substance his family's company sold to machine shops to help absorb industrial grease and oils that would collect on the shop's floors.

(Clay is now a no-no among green pet purists, but what did folks know then?)

The next thing you know

### Eureka! Kitty Litter is Born!

Mrs. Draper was so impressed with the nascent cat litter, which provided ease of use, superior absorbency and less mess, that she begged for more.

Realizing that other cat owners might react similarly, Lowe decided to fill some bags with the stuff -- which he dubbed "Kitty Litter" -- and paid a call to the local pet store to see if the proprietor would be interested in selling this.

The pet shop's proprietor was initially skeptical, as he doubted that people would pay for cat litter when they could get sand, ashes and soil for much less, or free. So the enterprising Lowe came up with a simple yet brilliant promotional idea: He suggested that the pet shop offer free samples.

Customers were so impressed that they began asking for more, and were willing to pay the then princely sum of 65 cents for kitty litter.

The rest, as the saying goes, was history.

## Kitty Litter Takes the World Pet Market by Storm

Realizing he was onto something, Lowe began showcasing his cat litter at pet shows, where his product was met with universal enthusiasm.

Lowe and his kitty litter became so well-regarded in the industry that he decided to capitalize on this by going national in 1964 when he founded Edward Lowe Industries which gave the world Tidy Cat, the first large-scale, mass-produced cat litter brand.

Aside from offering a revolutionary pet product, Lowe's customer service savvy was legendary. Not only did he insist on the highest quality ingredients for his cat litter, he also ensured that each bag of Tidy Cat contained a money-back guarantee.

## The Evolution of Commercial Cat Litter

In the following years, kitty litter became one of the hottest pet industry trends of all.

By 1990, Edward Lowe Industries was the world's largest maker of cat litter, with a whopping \$210 million a year in sales.

That same year, Lowe sold his company to a venture capitalist group for an estimated \$200 million, although he remained on as director of the now-named Golden Cat Corporation. Following Lowe's death in 1995 at the age of 75, Tidy Cat was acquired by Ralston Purina, which was acquired in 2001 by Nestle.

Meanwhile, cat litter underwent a major metamorphosis in 1984 when organic chemist Dr. Thomas Nelson discovered clumping cat litter when he arrived at the realization that dried (as opposed to baked) clay provided superior absorbency and a nugget effect when cats urinated on this.

Tidy Cat got on the clumping kitty litter bandwagon in 2000 with the introduction of Tidy Cat Crystals. This took the traditional clumping cat litters to the next level due to its superior odor control.

## Cat Litter Goes Natural

The cat litter market, which is now a \$1.3 billion a year industry, is still dominated by the clay varieties.

But there is a growing trend toward natural cat litter. Among the more popular, respected brands are:

- Feline Pine
- Swheat Scoop
- World's Best Cat Litter
- Yesterday's News (which is also made by Purina)

Indeed, cat litter has come a long way since the 1940s, when an enterprising young man came up with a simple idea that changed the world.

Cats everywhere owe a tremendous "meow" of gratitude to Edward Lowe.

# ADOPTING A HERVEY CAT

The adoption fee is \$175 and includes:

- spay/neuter
- maximum vaccines
- deworming
- microchipping
- leukemia/FIV testing
- free checkup with vet
- free six week pet health insurance plan

Please open your heart and your home to one of our amazing cats and give them a second chance at a good life!

## Want to adopt?

Please contact Marjorie at 780 963 4933  
or the Morinville Veterinary Clinic at 780 939 3133

Your new cat requires food, care and attention throughout it's life. The estimated annual costs of your new cat are:

- Food..... \$250
- Litter..... \$150
- Vet Checkups/Vaccines ..... \$70
- Toys/Scratching Posts..... \$100
- Total annual costs..... \$570

You will also need:

- Water/food dishes ..... \$20
- Scratching post ..... \$35
- Litter Pan & Scoop..... \$30
- Brush & Comb ..... \$25
- Toys..... \$25
- Total initial cost ..... \$135

**Total first year cost: \$850**

Adoption Fee \$175  
+ Other Items \$135  
+ Annual Care \$570

Karen MacDonald

Barb Hallett  
Holes Greenhouse  
Greenbank Veterinary Services  
Patti Boucher  
Lorraine Black  
Big Mikes Catering  
Maja Laird  
Heather McKay  
PetsMart Charites  
Joan Sasche/Rita Arends  
Mim Keryliuk

We apologize if we have missed anyone, but we do appreciate your donation.

We are grateful for anything you can give! Every dollar helps!

The Foundation is powered by volunteers - there are no paid employees of the Foundation, nor do the owners/directors receive any remuneration - all funds are used for the care of the animals and operation of the Sanctuary.

# your donations make a difference!

Our main source of funds is YOU... your support helps us continue to care for cats!

## DONATE BY MAIL

The Hervey Foundation for Cats  
Box 12, Site 200, RR2  
Stony Plain, AB T7Z 1X2

## Our Mission is three-fold

### Our 1st Mission is RESCUE

We give each cat immediate medical care. Each is spayed or neutered, fully vaccinated, dewormed, microchipped, tested for Feline Leukemia & FIV, and rehabilitated physically and psychologically. We find loving homes for those who can be adopted. The rest live out their lives in peace and dignity in our family.

### Our 2nd Mission is REHOMING

finding good, loving and caring homes for those cats that are adoptable. Being a private Foundation our screening procedures are strict to ensure that our cats will receive the best care possible.

### Our 3rd Mission is EDUCATION

We educate people to have compassion and respect for all animals We promote that an animal is a lifetime commitment - we advocate early spaying & neutering as a solution to the overpopulation of animals and recommend Micro-chipping of all animals for identification should they stray.

**YES!** I would like to join the **"SHARE THE CARE" monthly donor program.** Through this program you can help to feed, care and house these cats, through health or other issues are un-adoptable. **These animals live in a home like environment at our facility.**

## CHOOSE YOUR LEVEL OF DONATION

debited on  15<sup>th</sup>  30<sup>th</sup> /every month

- MEOW MATE**  
**\$10/month**  
...feeds a cat
- FELINE FRIEND**  
**\$20/month**  
...feeds and houses cat
- PURR PAL**  
**\$30/month**  
...feeds, houses & provides health care for a cat
